

FESTIVAL STRINGS 2010

*an educational outreach program
sponsored by the Ridgewood Symphony Orchestra*

Parent Volunteer Form

In order for your child to have the best musical experience possible, parent volunteers are expected to work behind the scenes. There are many ways to participate. At the rehearsals options include setting up chairs before rehearsals, working at the registration table, chaperoning during rehearsals, or supervising dinner breaks (circulate while students eat, oversee clean-up, etc.). On concert night, we need help chaperoning the students and selling tickets.

Your participation is essential, and everyone is expected to participate! To make things easier for the scheduler, please indicate all possible ways in which you could help, including specific days and times when you can be available. Before rehearsals begin, you will be notified to confirm your assignment for only one volunteer opportunity.
